  - Require documented current competency
  - REFTRA @ NAMI P'cola FL
    - 2 weeks funded by unit
- **Denovo FS**
    - Up to 2/yr SELRES funded by CNRFC
    - Meet physical standards & serve 2yrs as SELRESFS
    - 6 mos training
      - preferably entire 6 mos block, but may be broken into 2 or 3 segments

CNAFR Medical Challenges

- **Isolated Ops ISO SPECWAR**
  - **No MTF, no AMAL, no medical budg**
- **CVW SELRES FS recoupment by BSO 60/70 and conversion to Physician Assistants**
  - **Plan to add 3rd AD FS billet to CVW / develop Aviation PAs**
  - **4 / 9 billets have been utilized by CNAFR to fill shortfalls (HSC 84/85, CNATRA, VFA 122 SAU) and have been removed (CNATRA) or converted to PAs (HSC 84, VFA 122 SAU) before aviation pipeline is complete**
- **Privilege Approval by MTFs**
- **…and of course maintaining Medical Readiness, STR, DHA, PHA, and remote**

Operational Highlights for FY13/14

CFLSW

- 2 A/C forward presence in 5th, 6th & 7th Fleet AORs
- CJCS CENTCOM DEPORD

TSW

- 55 Adversary Deployments
- Transition from EA-6B Prowler to EA-18G Growler

VP

- P3-P8 Transition
- SOUTHCOM DET x 4
- Fleet Support: C2X/JTFEX
- Readiness training: ARP x 5 ; ASWEX x 2
- C7F Deployments Augmenting AC; 3 Crews / 3 AIP Aircraft

HELO

- HSC-84/85 ISO SPECOPS in CENTCOM & PACOM AORs
- Dets ISO NAUF & FireScout (SOUTHCOM & AFRICOM)
- Counter-mine presence in 5th & 7th fleet AORs

CNATRA

- 10,385 student production flight hours ; Not part of CNAFR
- 18.3% of CNATRA Production

Significant Changes for FY15/16

- FS Manning local control by CNA
- Transitions
  - VR-61
    - Last USN C-9 Squadron
    - Divest C-9B 01 JUL 14, transition to C-40A
  - C-130T transfer from USMCR
    - 8 total aircraft
  - HSC 84 / 85
    - SPECWAR Mission and squadron structure
